Our fiscal and legal experts support your staff in a personal, friendly, and knowledgeable manner. Blue Umbrella acts as an English language interface between your staff and the Dutch Tax Administration.

### We take customer support seriously

Blue Umbrella provides an online secure and personal portal to each of your staff members. Unlimited support, directly accessible by phone, e-mail or website

relieves your Human Resources department from the many - and often broad - queries from your staff.

### Tax Compliance

To help your staff stay compliant with Dutch tax rules and regulations we offer a unique tax correspondence service.

All tax correspondence sent by the Dutch Tax Office will be made available on your staff member's personal portal.

Every time a letter arrives, your staff member will be informed and advised - in plain English - what he or she is required to do.

### **International Organizations, Diplomatic Missions and Consular Posts**

Staff members of International Organizations (CC, EPO, Eurojust, Nato-C3, UNHCR, etc.) may require support and help navigating the Dutch system.
